Key Word Index

Acetylcholinesterase
Heart; Autoradiography; Muscarinic receptor; Quinuclidinyl benzilate, 59
Adenylate cyclase
α-Adrenergic receptor; Clonidine; Cyclic AMP; Phosphodiesterase inhibitor; Sympathetic preganglionic neuron, 199
Adrenal gland
Defence reaction; Hind-limb vasodilatation, Skeletal muscle; Vasoconstrictor tone; Hypothalamus; Rat, 127
Adrenal medulla
Sympathetic nervous system; Development; Heart; Catecholamine, 67
Adrenaline
Serotonin; Ventral medulla; Ventrolateral medulla; Blood pressure; L-Glutamate; 5,7-Dihydroxytryptamine, 39
α-Adrenergic receptor
Solitary tract nucleus; Carotid sinus nerve; Opiate; Substance P; γ-Aminobutyric acid, 179
α_2-Adrenergic receptor
Adenylate cyclase; Clonidine; Cyclic AMP; Phosphodiesterase inhibitor; Sympathetic preganglionic neuron, 199
β_1-Adrenoceptor
Electrolyte transport; Sympathetic nerve stimulation; Duct perfusion; Na-transport; Cl-transport; β_2 Adrenoceptor, 255
β_2 Adrenoceptor
β_1-Adrenoceptor; Electrolyte transport; Sympathetic nerve stimulation; Duct perfusion; Na-transport; Cl-transport, 255
Aggressive behavior
Cat; Plasma catecholamine, 189
γ-Aminobutyric acid
Solitary tract nucleus; Carotid sinus nerve; Opiate; Substance P; α-Adrenergic receptor, 179
Angiotensin II
Sympathetic preganglionic neuron; Sympathetic postgangionic neuron, 31
Antidromic vasodilatation
Sensory neuron; Laser Doppler flowmetry; Opiate; Enkephalin; Histamine, 105
Autonomic innervation
Vasoactive intestinal polypeptide (VIP); Neuropeptide Y (NPY); Vas deferens; Ultrastructure, 235
Autonomic nerve
Lower esophageal sphincter; Esophageal motility; Myenteric plexus; Submucous plexus; Esophageal gland; Interstitial cell, 137
Autonomic nervous system
Gastrointestinal tract; Large intestine; Enteric nervous system; Defaecation; Continence, 51
Autonomic neuropathy
Heart rate fluctuation; Heart rate spectral analysis; Diabetes; Heart rate power spectrum, 119
Autoradiography
Heart; Acetylcholinesterase; Muscarinic receptor; Quinuclidinyl benzilate, 59
Autoradiography
Substance P; Binding site; Trachea; Bronchus, 171

Baroreceptor reflex
Cardiopulmonary receptor; Heart rate; Total peripheral resistance, 21
Binding site
Substance P; Autoradiography; Trachea; Bronchus, 171
Blood pressure
Paraventricular nucleus; L-glutamate; Cardiovascular regulation, 229
Blood pressure
Plasma insulin; Plasma glucagon; Gastric acid secretion; Heart rate; Cervical vagus; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Blood pressure
Serotonin; Adrenaline; Ventral medulla; Ventrolateral medulla; L-glutamate; 5,7-Dihydroxytryptamine, 39
Bronchus
Substance P; Binding site; Autoradiography; Trachea, 171

Cardiac receptor
Myocardial infarction; Regional blood flow; Radioactive microsphere, 243
Cardiopulmonary receptor
Baroreceptor reflex; Heart rate; Total peripheral resistance, 21
Cardiovascular regulation
Paraventricular nucleus; Blood pressure; L-glutamate, 229
Carotid body
Carotid sinus nerve; Chemoreception; Oxygen sensing; Sympathetic nervous system, 219
Carotid body chemoreceptor
Carotid sinus nerve; Chemoreceptor afferent nerve; Rat; Spontaneously hypertensive rat (SHR), 1
Carotid sinus nerve
Carotid body; Chemoreception; Oxygen sensing; Sympathetic nervous system, 219
Carotid sinus nerve
Carotid body chemoreceptor; Chemoreceptor afferent nerve; Rat; Spontaneously hypertensive rat (SHR), 1

0165-1838/87/$03.50 © 1987 Elsevier Science Publishers B.V. (Biomedical Division)

Carotid sinus nerve
Solitary tract nucleus; Opiate; Substance P; γ-Aminobutyric acid; α-Adrenergic receptor, 179
Cat
Plasma catecholamine; Aggressive behavior, 189
Catecholamine
Sympathetic nervous sytem; Development; Heart; Adrenal medulla, 67
Cervical vagus
Plasma insulin; Plasma glucagon; Gastric acid secretion; Heart rate; Blood pressure; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Cervical vagus nerve
Primate; Nucleus of the solitary tract; Visceral afferent system; Horseradish peroxidase, 153
Chemoreception
Carotid body; Carotid sinus nerve; Oxygen sensing; Sympathetic nervous system, 219
Chemoreceptor afferent nerve
Carotid body chemoreceptor; Carotid sinus nerve; Rat; Spontaneously hypertensive rat (SHR), 1
Clonidine
Adenylate cyclase; α_2-Adrenergic receptor; Cyclic AMP; Phosphodiesterase inhibitor; Sympathetic preganglionic neuron, 199
Cl-transport
β_1-Adrenoceptor; Electrolyte transport; Sympathetic nerve stimulation; Duct perfusion; Na-transport, 255
Continence
Gastrointestinal tract; Large intestine; Enteric nervous system; Autonomic nervous system; Defaecation, 51
Cyclic AMP
Adenylate cyclase; α_2-Adrenergic receptor; Clonidine; Phosphodiesterase inhibitor; Sympathetic preganglionic neuron, 199

Defaecation
Gastrointestinal tract; Large intestine; Enteric nervous system; Autonomic nervous system; Continence, 51
Defence reaction
Hind-limb vasodilatation; Skeletal muscle; Adrenal gland; Vasoconstrictor tone; Hypothalamus; Rat, 127
Development
Sympathetic innervation; Enteric neuron, 85
Development
Sympathetic nervous system; Heart; Adrenal medulla; Catecholamine, 67
Diabetes
Heart rate fluctuation; Heart rate spectral analysis; Autonomic neuropathy; Heart rate power spectrum, 119
5,7-Dihydroxytryptamine
Serotonin; Adrenaline; Ventral medulla; Ventrolateral medulla; Blood pressure; L-glutamate, 39
Dorsal motor nucleus of the vagus
Plasma insulin; Plasma glucagon; Gastric acid secretion; Heart rate; Blood pressure; Cervical vagus; Electrical stimulation parameter, 77
Duct perfusion
β_1-Adrenoceptor; Electrolyte transport; Sympathetic nerve stimulation; Na-transport; Cl-transport; β_2 Adrenoceptor, 255

Electrical stimulation parameter
Plasma insulin; Plasma glucagon; Gastric acid secretion; Heart rate; Blood pressure; Cervical vagus; Dorsal motor nucleus of the vagus, 77
Electrolyte transport
β_1-Adrenoceptor; Sympathetic nerve stimulation; Duct perfusion; Na-transport; Cl-transport; β_2 Adrenoceptor, 255
Enkephalin
Antidromic vasodilatation; Sensory neuron; Laser Doppler flowmetry; Opiate; Histamine, 105
Enteric nervous system
Gastrointestinal tract; Large intestine; Autonomic nervous system; Defaecation; Continence, 51
Enteric neuron
Sympathetic innervation; Development, 85
Esophageal gland
Autonomic nerve; Lower esophageal sphincter; Esophageal motility; Myenteric plexus; Submucous plexus; Interstitial cell, 137
Esophageal motility
Autonomic nerve; Lower esophageal sphincter; Myenteric plexus; Submucous plexus; Esophageal gland; Interstitial cell, 137

Ferret
Non-cholinergic; Non-adrenergic; Nerve; Transmural potential difference; Supranodose vagotomy, 113

Gastric acid secretion
Plasma insulin: Plasma glucagon; Heart rate; Blood pressure; Cervical vagus; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Gastric antrum
Vagal afferent; Rabbit, 13
Gastrointestinal tract
Large intestine; Enteric nervous system; Autonomic nervous system; Defaecation; Continence, 51
Glucagon
Liver nerve; Hepatic sympathectomy; Hepatic vagotomy; Glucogenolysis; Insulin secretion; In vivo, 211
L-Glutamate
Paraventricular nucleus; Blood pressure; Cardiovascular regulation; 229
L-Glutamate
Serotonin; Adrenaline; Ventral medulla; Ventrolateral medulla; Blood pressure; 5,7-Dihydroxytryptamine, 39
Glycogenolysis
Liver nerve; Hepatic sympathectomy; Hepatic vagotomy; Glucagon; Insulin secretion; In vivo, 211

Heart
Acetylcholinesterase; Autoradiography; Muscarinic receptor; Quinuclidinyl benzilate, 59
Heart
Sympathetic nervous system; Development; Adrenal medulla; Catecholamine, 67
Heart rate
Baroreceptor reflex; Cardiopulmonary receptor; Total peripheral resistance, 21
Heart rate
Plasma Insulin; Plasma glucagon; Gastric acid secretion; Blood pressure; Cervical vagus; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Heart rate fluctuation
Heart rate spectral analysis; Autonomic neuropathy; Diabetes; Heart rate power spectrum, 119
Heart rate power spectrum
Heart rate fluctuation; Heart rate spectral analysis; Autonomic neuropathy; Diabetes, 119
Heart rate spectral analysis
Heart rate fluctuation; Autonomic neuropathy; Diabetes; Heart rate power spectrum, 119
Hepatic sympathectomy
Liver nerve; Hepatic vagotomy; Glucagon; Glycogenolysis; Insulin secretion; In vivo, 211
Hepatic vagotomy
Liver nerve; Hepatic sympathectomy; Glucagon; Glycogenolysis; Insulin secretion; In vivo, 211
Hind-limb vasodilatation
Defence reaction; Skeletal muscle; Adrenal gland; Vasoconstrictor tone; Hypothalamus; Rat, 127
Histamine
Antidromic vasodilatation; Sensory neuron; Laser Doppler flowmetry; Opiate; Enkephalin, 105
Horseradish peroxidase
Primate; Cervical vagus nerve; Nucleus of the solitary tract; Visceral afferent system, 153
Hypothalamus
Defence reaction; Hind-limb vasodilatation; Skeletal muscle; Adrenal gland; Vasoconstrictor tone; Rat, 127

In vivo
Liver nerve; Hepatic sympathectomy; Hepatic vagotomy; Glucagon; Glycogenolysis; Insulin secretion, 211
Insulin secretion
Liver nerve; Hepatic sympathectomy; hepatic vagotomy; Glucagon; Glycogenolysis; In vivo, 211
Interstitial cell
Autonomic nerve; Lower esophageal sphincter; Esophageal motility; Myenteric plexus; Submucous plexus; Esophageal gland, 137

Joint efferent
Medial articular nerve; Somato-sympathetic reflex; Sympathetic reflex; Vasoconstrictor, 95

Large intestine
Gastrointestinal tract; Enteric nervous system; Autonomic nervous system; Defaecation; Continence, 51

Laser Doppler flowmetry
Antidromic vasodilatation; Sensory neuron; Opiate; Enkephalin; Histamine, 105
Liver nerve
Hepatic sympathectomy; Hepatic vagotomy; Glucagon; Glycogenolysis; Insulin secretion; In vivo, 211
Lower esophageal sphincter
Autonomic nerve; Esophageal motility; Myenteric plexus; Submucous plexus; Esophageal gland; Interstitial cell, 137

Medial articular nerve
Joint efferent; Somato-sympathetic reflex; Sympathetic reflex; Vasoconstrictor, 95
Muscarinic receptor
Heart; Acetylcholinesterase; Autoradiography; Quinuclidinyl benzilate, 59
Myenteric plexus
Autonomic nerve; Lower esophageal sphincter; Esophageal motility; Submucous plexus; Esophageal gland; Interstitial cell, 137
Myocardial infarction
Reginal blood flow; Radioactive microsphere; Cardiac receptor, 243

Na-transport
Cl-transport; β_1-Adrenoceptor; Electrolyte transport; Sympathetic nerve stimulation; Duct perfusion; β_2-Adrenoceptor, 255
Nerve
Non-cholinergic; Non-adrenergic; Transmural potential difference; Supranodose vagotomy; ferret, 113
Neuropeptide Y (NPY)
Vasoactive intestinal polypeptide (VIP); Autonomic innervation; Vas deferens; Ultrastructure, 235
Non-adrenergic
Non-cholinergic; Nerve; Transmural potential difference; Supranodose vagotomy; Ferret, 113
Non-cholinergic
Non-adrenergic; Nerve; Transmural potential difference; Supranodose vagotomy; Ferret, 113
Nucleus of the solitary tract
Primate; Cervical vagus nerve; Visceral afferent system; Horseradish peroxidase, 153

Opiate
Antidromic vasodilatation; Sensory neuron; Laser Doppler flowmetry; Enkephalin; Histamine, 105
Opiate
Solitary tract nucleus; Carotid sinus nerve; Substance P; γ-Aminobutyric acid; α-Adrenergic receptor, 179
Oxygen sensing
Carotid body; Carotid sinus nerve; Chemoreception; Sympathetic nervous system, 219

Paraventricular nucleus
Blood pressure; L-Glutamate; Cardiovascular regulation, 229
Phosphodiesterase inhibitor
Adenylate cyclase; α_2-Adrenergic receptor; Clonidine; Cyclic AMP; Sympathetic preganglionic neuron, 199

Plasma catecholamine
Cat; Aggressive behavior, 189
Plasma glucagon
Plasma insulin; Gastric acid secretion; Heart rate; Blood pressure; Cervical vagus; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Plasma insulin
Plasma glucagon; Gastric acid secretion; Heart rate; Blood pressure; Cervical vagus; Dorsal motor nucleus of the vagus; Electrical stimulation parameter, 77
Primate
Cervical vagus nerve; Nucleus of the solitary tract; Visceral afferent system; Horseradish peroxidase, 153

Quinuclidinyl benzilate
Heart; Acetylcholinesterase; Autoradiography; Muscarinic receptor, 59

Rabbit
Gastric antrum; Vagal afferent, 13
Radioactive microsphere
Myocardial infarction; Regional blood flow; Cardiac receptor, 243
Rat
Carotid body chemoreceptor; Carotid sinus nerve; Chemoreceptor afferent nerve; Spontaneously hypertensive rat (SHR), 1
Rat
Defence reaction; Hind-limb vasodilatation; Skeletal muscle; Adrenal gland; Vasoconstrictor tone; Hypothalamus, 127
Regional blood flow
Myocardial infarction; Radioactive microsphere; Cardiac receptor, 243

Sensory neuron
Antidromic vasodilatation; Laser Doppler flowmetry; Opiate; Enkephalin; Histamine, 105
Serotonin
Adrenaline; Ventral medulla; Ventrolateral medulla; Blood pressure; L-Glutamate; 5,7-Dihydroxytryptamine, 39
Skeletal muscle
Defence reaction; Hind-limb vasodilatation; Adrenal gland; Vasoconstrictor tone; Hypothalamus; Rat, 127
Solitary tract nucleus
Carotid sinus nerve; Opiate; Substance P; γ-Aminobutyric acid; α-Adrenergic receptor, 179
Somato-sympathetic reflex
Joint efferent; Medial articular nerve; Sympathetic reflex; Vasoconstrictor, 95
Spontaneously hypertensive rat (SHR)
Carotid body chemoreceptor; Carotid sinus nerve; Chemoreceptor afferent nerve; Rat, 1
Submucous plexus
Autonomic nerve; Lower esophageal sphincter; Esophageal motility; Myenteric plexus; Esophageal gland; Interstitial cell, 137
Substance P
Binding site; Autoradiography; Trachea; Bronchus, 171
Substance P
Solitary tract nucleus; Carotid sinus nerve; Opiate; γ-Aminobutyric acid; α-Adrenergic receptor, 179
Supranodose vagotomy
Non-cholinergic; Non-adrenergic; Nerve; Transmural potential difference; Ferret, 113
Sympathetic innervation
Enteric neuron; Development, 85
Sympathetic nerve stimulation
β_1-Adrenoceptor; Electrolyte transport; Duct perfusion; Na-transport; Cl-transport; β_2 Adrenoceptor, 255
Sympathetic nervous system
Carotid body; Carotid sinus nerve; Chemoreception; Oxygen sensing, 219
Sympathetic nervous system
Development; Heart; Adrenal medulla; Catecholamine, 67
Sympathetic postganglionic neuron
Angiotensin II; Sympathetic preganglionic neuron, 31
Sympathetic preganglionic neuron
Adenylate cyclase; α_2-Adrenergic receptor; Clonidine; Cyclic AMP; Phosphodiesterase inhibitor, 199
Sympathetic preganglionic neuron
Angiotensin II; Sympathetic postganglionic neuron, 31
Sympathetic reflex
Joint efferent; Medial articular nerve; Somato-sympathetic reflex; Vasoconstrictor, 95

Total peripheral resistance
Baroreceptor reflex; Cardiopulmonary receptor; Heart rate, 21
Trachea
Substance P; Binding site; Autoradiography; Bronchus, 171
Transmural potential difference
Non-cholinergic; Non-adrenergic; Nerve; Supranodose vagotomy; Ferret, 113

Ultrastructure
Vasoactive intestinal polypeptide (VIP); Neuropeptide Y (NPY); Autonomic innervation; Vas deferens, 235

Vagal afferent
Gastric antrum; Rabbit, 13
Vas deferens
Vasoactive intestinal polypeptide (VIP); Neuropeptide Y (NPY); Autonomic innervation; Ultrastructure, 235
Vasoactive intestinal polypeptide (VIP)
Neuropeptide Y (NPY); Autonomic innervation; Vas deferens; Ultrastructure, 235
Vasoconstrictor
Joint efferent; Medial articular nerve; Somato-sympathetic reflex; Sympathetic reflex, 95
Vasoconstrictor tone
Defence reaction; Hind-limb vasodilatation; Skeletal muscle; Adrenal gland; Hypothalamus; Rat, 127

Ventral medulla
Serotonin; Adrenaline; Ventrolateral medulla; Blood pressure; L-Glutamate; 5,7-Dihydroxytryptamine, 39
Ventrolateral medulla
Serotonin; Adrenaline, Ventral medulla; Blood pressure; L-Glutamate; 5,7-Dihydroxytryptamine, 39
Visceral afferent system
Primate; Cervical vagus nerve; Nucleus of the solitary tract; Horseradish peroxidase, 153
